Attempt to Discipline Tito

LAKE SUCCESS, N. Y., June 30—

(INS)—Many leading U. N. officials expressed fear today that the clash between the Cominform and the Yugoslav Communists might set off a chain explosion through the Balkan "tinder box" which would again plunge the world into war.

U. N. observers and many Western delegates are waiting to see if the Cominform's attempt to discipline Tito and the Yugoslav Communist party will culminate in a Soviet coup clipping Belgrade's wings or in a clash of arms between the two factions.

In the latter case, it is a foregone conclusion at Lake Success that Tito or his henchmen would quickly appeal to the Security Council against violent intervention and aggression by the Soviet Union.

A number of delegates feel that such a move might call the turn on Russia after failure by Western nations to make a plausible security council case of the Communist coup in Prague.

It is pointed out that Tito's fall from grace in the eyes of Premier Stalin is closely linked to his attempts over the past several years to set up the so-called "Balkan Federation" against the wishes of Russia.

In this pattern he planned to combine under a centralized Communist command the Soviet satellite regimes of Yugoslavia, Bulgaria, Hungary, Albania, Czechoslovakia and Roumania. Pressure was to be combined to draw into this Communist orbit Greece and Austria.

A strong supporter of the "Balkan Federation" scheme was Tito's counterpart in Bulgaria—the veteran.

Heat Sends Hundreds To Silver Lake, River

The intense heat and humidity of the past few days have sent bathers flocking to Silver Lake, and Delaware river and the Neshaminy Creek. With percentage of relative humidity at 95 and 96 yesterday and the day previous, thoughts of all with any time to spare were on the water.

They flocked to Silver Lake by the hundreds, where protection is afforded by the Bristol Blood Donors Emergency Squad. They went in automobiles, on bicycles and motorcycles, and afoot—many of the latter, barefoot, braving (how, we don't know) the blistering heat of sun-baked pavements and highways.

With thoughts of coolness in the offing one group of five or six was seen lugging a rubber boat from the center of the borough all the way to the lake.

Bicyclists, one, two and sometimes three to a "wheel," are there by the score, with the result that bicycles parked along the shore usually outnumber the automobiles. And in the parcel baskets can be found packages of lunch, beach robes, inner tubes, sunburn lotion, etc.

Even the babies and the families' pet dogs are taken to the lake to cool off. And ice cream, "hot-dog" and soft-drink vendors do a thriving business.

A SUMMARY OF THE NEWS

Yugoslavia's Communist party defiantly rejected yesterday the accusations leveled against it and Marshal Tito by the Communist Information Bureau. A series of statements said that the charges were "plain slander" and "based on fabrication." The Yugoslavs said they had no opportunity to refute the allegations, charged the Communist press with distorting the facts and insisted upon their own independence.

In Moscow the press devoted much space to the charges, but made no comment. Observers in Paris saw in the Yugoslav defiance a threat to the whole structure of international Communism.

Berlin sources laid special stress on what appeared to be indications of serious differences between Russian Foreign Minister Molotov and Andrei A. Zhdanov, an important Politburo member and founder of the Cominform. There were reports of disunity among Communists in Hungary.

The Russians appeared to be reeling in the "battle of Berlin." Marshal Sokolovsky held out hope for quick repair of the rail lines and the end of the blockade of the city. Berlin's City Council appealed to the United Nations for prompt intervention. The major powers in the Security Council did not feel this was the time for intervention and Secretary General Lie dropped

Western Powers To Remain in Berlin

WASHINGTON, June 30—(INS)—Firm determination of the Western Powers not to be driven from Berlin is reported today to be based on the belief that a Russian victory would lead to stronger Soviet activity at other key points.

It is believed certain that the United States, Britain and France not only will hold firm in the German capital but might have some strong countermeasures of their own.

This belief was strengthened by the State Department comment that no need is felt for United Nations intervention in the situation until and unless it deteriorates to anarchy.

Grant Bristol Twp. H. S. Field for Use by Club

Permission has been given the Aeromodelers to use Bristol Township high school field on Rodgers Road to fly their models. The club has been using Fleetwings field but none of the members cared to fly their models over the hard concrete runways, and were unable to fly free flight models because of light-plane activity carried on by the flying school.

The glider meet, scheduled for this week, was cancelled and a regular meeting will be held this evening at Bristol Fire Co. station No. 1. The glider meet will be held next Wednesday evening at the township high school field. The prize for this meet has increased in value from an Ohlsson "23" motor to an Ohlsson "60" motor.

Despite poor weather many of the members have been quite active. Although having no suitable flying site they have been doing a great deal of practice flying, among those most active were Harry Brown and "Tommy" Spitzo who have been flying nearly every evening.

Promises for several hundred contestants at the model contest at Fleetwings field are good. Entries from as far west as Washington, Pa. and as far north as Boston, Mass., have written to the club for application blanks. It promises to be the largest sports event ever held in Bristol. Since a free flight event is to be held, many of the models are expected to land off the field and become lost, it would be appreciated if anyone finding them will return them to the contest site. Members of the club have lost three free-flight models this year. One of them owned by Frank Rocap, Cornwells Heights, was found due to an article on this model appearing in the Courier last month.

**Western Powers To
Remain in Berlin**

WASHINGTON, June 30—(INS)—Firm determination of the Western Powers not to be driven from Berlin is reported today to be based on the belief that a Russian victory would lead to stronger Soviet activity at other key points.

It is believed certain that the United States, Britain and France not only will hold firm in the German capital but might have some strong countermeasures of their own.

This belief was strengthened by the State Department comment that no need is felt for United Nations intervention in the situation until and unless it deteriorates materially.

**Grant Bristol Twp. H. S.
Field for Use by Club**

Permission has been given the Aeromodelers to use Bristol Township high school field on Rodgers Road to fly their models. The club has been using Fleetwings field but none of the members cared to fly their models over the hard concrete runways, and were unable to fly free flight models because of light-plane activity carried on by the flying school.

The glider meet, scheduled for this week, was cancelled and a regular meeting will be held this evening at Bristol Fire Co. station No. 1. The glider meet will be held next Wednesday evening at the township high school field. The prize for this meet has increased in value from an Ohlson "23" motor to an Ohlson "60" motor.

Despite poor weather many of the members have been quite active. Although having no suitable flying site they have been doing a great deal of practice flying, among those most active were Harry Brown and "Tommy" Spitzo who have been flying nearly every evening.

Promises for several hundred contestants at the model contest at Fleetwings field are good. Entries from as far west as Washington, Pa., and as far north as Boston, Mass., have written to the club for application blanks. It promises to be the largest sports event ever held in Bristol. Since a free flight event is to be held, many of the models are expected to land off the field and become lost, it would be appreciated if anyone finding them will return them to the contest site. Members of the club have lost three free-flight models this year. One of them, owned by Frank Ruck, Cornwells Heights, was found due to an article on this model appearing in the Courier last month.

NEED A RESHUFFLE

A survey by the Tax Foundation discloses that revenues of the states have increased an average of 58 per cent in six years, ranging from a gain of 51 per cent to 145 per cent. The so-called "poor" states now receive more revenues per capita than the so-called "wealthy" states. Mississippi, which formerly collected \$15 per capita annually, now garners \$34 from each taxpayer, while the income of the Connecticut state government—a state of comparable population—has remained stationary at approximately \$30.

Where there was a difference of 46 per cent between tax collections in the 16 wealthiest and the 16 poorest states in 1941, the difference now is only 14 per cent.

So well fixed are many of the states in revenue that it is proposed to resurvey the system of federal assistance to state governments. It is argued that the pouring of federal assistance into the states is unjustified.

Far better would be a resurvey of the whole tax structure of the United States. The federal government hogs most of the taxing bases and the states take most of what is left. The federal government dribbles a little of its revenue down to the states, and the states pass still less on to cities, counties and schools. Washington uses the huge amounts it collects in taxes to further centralize the national government, and the states have appropriated nearly all the home rule cities once enjoyed, so potent is the power of the purse strings.

The nation needs a tax reshuffle so that cities and states can stand on their own feet.

CHILD TRAINING

Much attention is being paid to child training. Guidance experts are holding clinics, in which parents are told how to react to junior's little peculiarities. They have answers to all the problems.

They say a child is never naughty simply because he refuses to obey every command. If he tears up his playthings, it is because he has an inquisitive mind and wants to see how they are made.

One expert told the National Conference of Social Workers that baby should never be placed in a play pen. It gives him an early sense of guilt.

Another says a child should never be corrected for a bit of back talk to his parents, that being a definite sign of an agile mind.

If children play hooky from school, says still another, it is not from an urge for adventure which motivated Tom Sawyer and Huckleberry Finn, but because he has been given a sense of impending doom by listening to adult conversation.

With all respect to the experts, who probably serve a purpose, mother will find little comfort in their findings on those days when Junior seems to be working up to a good old-fashioned spanking.

Orsters Entertain Church Group at Seashore Resort

Members of the executive committee of the Women's Guild, Bristol Presbyterian Church, were entertained yesterday at the summer home of Paul V. Forster, Esq., and Mrs. Forster, at Ocean City, N. J. A buffet lunch was followed by singing and sightseeing. Before leaving the resort the group had dinner at the Plymouth Inn in that city.

SECOND WARDERS DOWN FLEETWING ESTATES PLAYERS

Second Ward A. C. added another victory to its credit by beating Fleetwing Estates 12-7 on Memorial Park field last evening. The win enables Second Ward to remain in a tie for second place in Bristol Twilight Softball League.

With powerful hitting coming from F. Chichilotti and Sam Fiorelli, Sam Sottile had little to worry about while pitching fine ball for the warders. Leo Fiorelli scored a home run for Second Ward with one man on.

Scheffey pitched good ball for the Estates, but received very poor support from his teammates.

"DEMOCRATS" WASTE MANY HITS AND LOSE

The Democrat Club made many hits go to waste last evening on Leedom's field, as it bowed to the Hibernians, 6-5, in a Bristol Suburban league tilt, which saw the two teams go into a deadlock for third position.

The "Demies" had 12 hits and left eight runners stranded and in addition lost several runs on plays getting nabbed on the bases. The Hibs made but seven hits, but produced several in the pinches to score their markers.

Joe Sagolla, who pitched for the losers, was a good man with the stick, in getting four out of four. He also counted a pair of runs and pitched fine ball, but his efforts were not enough.

Earl Wagner was the winning peckman. He had eight whiffs to his credit and was hard to solve in the clutches. Although he hit one batter with a pitched ball, he did not give up a pass.

The Hibernians scored the winning run in the eighth inning. Morrell got a life on Weakley's error, the seventh Democrat error of the game. Wagner beat out a hit to Oriola. Bob Elker advanced both batters with a sacrifice and Rodgers struck out for the second out. Frank Elker beat out a hit and Morrell scored.

The Democrats had taken a 3-2 lead in the third on hits by Sagolla, Keyes, Mandio and Oriola, and an error by Dolan.

The "Saints" had 15 hits with "Chick" Cialella getting three out of five, and "Lou" Sassi three out of four, including a triple. The latter also scored four runs.

"Lenny" Jones started on the mound for the gasmen, but was hit by a pitched ball in the fifth and left the game. He was the losing pitcher with "Hal" Shackleton and Ralph Linck also doing some mound work.

Cubs, With Relatives, Gather for A Picnic

POINT PLEASANT, June 30—Four hundred Cubs, Cubbers and parents from all parts of Bucks county council braved threatening storms to hold the Cub Pack Family picnic on Sunday afternoon, at Camp Ockanickon, the Bucks County Council Boys' Scout camp, here.

Games, stunts, races and contests were engaged in by the Cub Scouts and their parents. Areas of the camp reservation were assigned to each pack, which operated independently from the others. An excellent exhibit of the Cub Scout craft was on display and very fine comment was heard on the excellence of the work which was done by the Cubs.

After a brief interlude during which a storm drove the picnic indoors, activities were again resumed, box lunches devoured and the activity of the evening took place, which was in the form of entertainment by magician George Fields of Doylestown, which was well received by all in attendance.

Many awards were presented to the Cubs by their parents, during the afternoon Pack meetings. The past week-end brought to a close the final preparation for summer camp by the Scouters of the council, when a group of Scoutmasters and committeemen participated in a training course for troop camp leaders and aided in the set-up of tents and putting the camp in readiness of the first contingent of scouts, who will be at Camp Ockanickon, beginning July 4th. The troops going into camp at that period will be Edgely, Sellersville, Carversville and Churchville. The high event of the week will be the water carnival on Monday afternoon of July 5th, at 3 p. m. Friends of scouting and the general public are invited to this event, the celebration of Independence Day.

Officials of UN Express Fear of Balkan Explosion

Continued from Page One
eran Moscow Communist leader Georgi Dimitrov. A familiar figure from the days of his trial under Hitler in connection with the Berlin Reichstag fire of 1934, Dimitrov mastered Bulgaria for Stalin at the end of the war and today is the leading power and the country's premier.

Authoritative Balkan observers at Lake Success are convinced that Dimitrov's fate and position in the Communist world are closely connected with that of Tito. These observers recall that Communist leader Anna Pauker of Roumania blocked Tito and Dimitrov in recent years from achieving the "Balkan Federation" and as such is believed to have won favor in Stalin's eyes.

Tito and Dimitrov are known to have made many trips to Moscow to "sell" without success—their Balkan scheme to Stalin. Russian distaste for the plan appears to be based on the suspicion that such a closely knit political combination would get out of hand and become powerful enough to develop into a rival Communist organization capable of playing its own hand without blind obedience to Moscow.

The consensus of opinion among U. N. representatives is that no matter how quickly the rift between the Cominform and the Yugoslav communists is healed, a vast and lasting amount of damage has been inflicted on the Communist front as a whole.

CAUTI LIMITS VOLTZ NINE TO SIX HITS

Pitching his first game in a St. Ann's regalia, Tony Cauti, former Fifth Ward hurler, defeated the Volts-Texaco aggregation, on the Memorial Park diamond. Final score was: St. Ann's, 14; Volts-Texaco, 3.

Cauti limited the Volts-team to six hits and after the fifth inning had easy sailing. He was aided by good fielding and had very effective control in issuing one pass.

The "Saints" had 15 hits with "Chick" Ciaella getting three out of five, and "Lou" Sassi three out of four, including a triple. The latter also scored four runs.

"Lenny" Jones started on the mound for the gasmen, but was hit by a pitched ball in the fifth and left the game. He was the losing pitcher with "Hal" Shackleton and Ralph Link also doing some mound work.

B. F. Holcomb, Portales farmer, who had wondered for six years why one of his milk cows limped around the barn, finally investigated, and found a diamond ring imbedded in her hoof. Mrs. Holcomb had lost the ring six years ago, while milking the cow.

Cubs, With Relatives, Gather for A Picnic

POINT PLEASANT, June 30—

Four hundred Cubs, Cubbers and parents from all parts of Bucks county council braved threatening storms to hold the Cub Pack Family picnic on Sunday afternoon, at Camp Ockanickon, the Bucks County Council Boys' Scout camp, here.

Games, stunts, races and contests were engaged in by the Cub Scouts and their parents. Areas of the camp reservation were assigned to each pack, which operated independently from the others. An excellent exhibit of the Cub Scout craft was on display and very fine comment was heard on the excellence of the work which was done by the Cubs.

After a brief interlude during which a storm drove the picnics indoors, activities were again resumed, box lunches devoured and the activity of the evening took place, which was in the form of entertainment by magician George Fields of Doylestown, which was well received by all in attendance.

Many awards were presented to the Cubs by their parents, during the afternoon pack meetings.

The past week-end brought to a close the final preparation for summer camp by the Scouters of the council, when a group of Scoutmasters and committeemen participated in a training course for troop camp leaders and aided in the set-up of tents and putting the camp in readiness of the first contingent of scouts, who will be at Camp Ockanickon, beginning July 4th. The troops going into camp at that period will be Edgely, Sellersville, Carversville and Churchville. The big event of the week will be the water carnival on Monday afternoon of July 5th, at 3 p. m. Friends of scouting and the general public are invited to this event, the celebration of Independence Day.
